INFORMAL OBJECTION

630 Radio, Incorporated ("630 Radio"), by its attorneys, hereby objects to the grant of the above-captioned applications for assignment of license and modification of FM Translator Station W242BB, Medford, Wisconsin. In support hereof, the following is submitted.

630 Radio is the owner of an antenna structure, one of three in an array, at Hudson, Wisconsin, and designated by Antenna Structure Registration Number 1063037.

The captioned application for modification of license was filed in response to the *Revitalization of the AM Radio Service, First Report and Order, Further Notice of*

Proposed Rule Making and Notice of Inquiry, 30 FCC Rcd 12145 (2015), and *Public Notice*, DA-1491, released December 23, 2015, permitting AM stations to acquire and to move an FM Translator Station up to 250 miles in order to provide FM service within the AM station's service area. The captioned assignment of license application was filed in conjunction with the modification of license application.¹

In the modification of license application, at Section III-A-Engineering, Item 5, the applicant specified that the FM translator's antenna would be located on Antenna Structure Registration Number 1063037.² That is the antenna structure owned by 630 Radio.

Attached is a Declaration of Gregory O. Borgen, President and sole owner of 630 Radio, attesting to the fact that no representative of either the modification of license applicant or the proposed assignee of the FM Translator license had even inquired about the possible use of the antenna structure. Further, even if any such representative had so inquired, permission to specify and/or to use the structure would not have been granted.

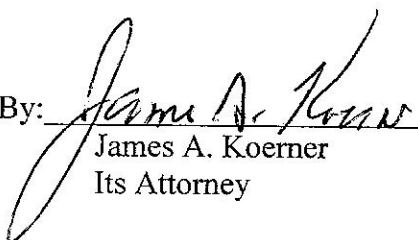

The captioned modification of license application should be dismissed or denied on the basis that no viable transmitter location has been specified. Alternatively, the application should be designated for hearing to determine whether the applicant, or the proposed assignee of FM Translator Station W242BB, which is also the current licensee of Station WIXK(AM), has deliberately misrepresented a material fact to the FCC.

¹ See BALFT-20160113AAC, Exhibit 4 (Assignment Agreement), paragraph 5.

² The applicant in the modification of license application was Edgewater Broadcasting, Inc., as the current licensee of the FM Translator Station. However, Hmong Radio Broadcast, LLC, as the licensee of Station WIXK, is clearly the beneficiary of the modification of license and likely the source of information contained in the application.

Respectfully submitted,

630 Radio, Incorporated

DECLARATION OF GREGORY O. BORGEN

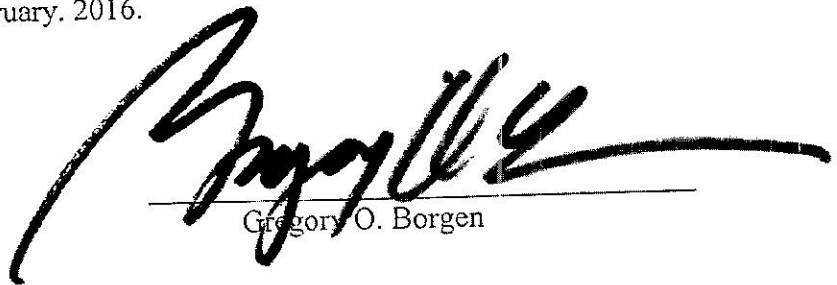

Gregory O. Borgen hereby declares, under penalty of perjury, as follows:

I am President and 100% stockholder of 630 Radio, Incorporated, owner of a tower located in Hudson, Wisconsin, and identified as Antenna Structure Registration Number 1063037.

ASR Number 1063037 is specified as the antenna location of a proposed FM Translator in Section III-A, Item 5 of an application (File Number BPFT-20160129ACU) filed by Edgewater Broadcasting, Inc.

At no time has any representative of Edgewater Broadcasting, Inc. or of Hmong Radio Broadcasting, LLC contacted me concerning possible use of that tower. If any representative of either Edgewater Broadcasting, Inc. or Hmong Radio Broadcasting, LLC inquired about the use of the tower, my answer would have been negative.

Dated this 5 day of February, 2016.

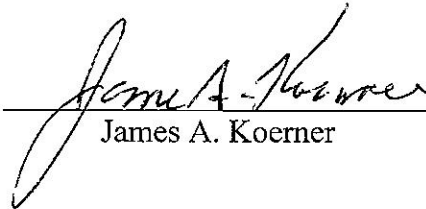

Gregory O. Borgen

CERTIFICATE OF SERVICE

I, James A. Koerner, do hereby certify that a copy of the foregoing "Informal Objection" was served this 11th day of February, 2016, via first class US mail, postage prepaid, upon the following:
